

Ever-Changing PPP Forgiveness Webinar

What's the Latest and How Do We Get Ready to File Our Forgiveness Application?

Wednesday, July 22, 2020 | 10:00 AM

For many printing firms, the federal government's Paycheck Protection Program (PPP) has been a "double-edged sword" bringing much needed financial resources along with major headaches to understand and comply with the requirements for loan forgiveness. The Paycheck Protection Program Flexibility Act (PPPFA) has added some clarity and flexibility to the program but now there are way more decisions that have to be made!

Join PIA on July 22nd as Harry Marino, President and Wayne Wawrzyniec, CFO Specialist, of the Marino Advisory Group rejoin us to share details and answers key questions in preparing for success in maximizing PPP loan forgiveness, including:

- ◆ 8 or 24 weeks?
- ◆ What happens if I conclude before 24 weeks?
- ◆ What documentation is required for best practices
- ◆ How do I take advantage of "safe harbor" provisions for FTE/wagerestoration?
- ◆ and more!

Bring your live questions as well. Harry and Wayne will take your questions following the webinar presentation.

The Marino Advisory Group (MAG) is a veteran owned and operated business that provides outsourced CFO, Full Charge Bookkeeping and Payroll services to small and mid-sized business. MAG has a team of professionals with extensive experience in implementing financial controls and reporting, analyzing business processes, developing policies and procedures, and restructuring activities necessary to keep client's business financial health on solid ground. Visit www.marinoadvisorygroup.com
